## YOUNG MAN NOT GUILTY

COURT ACTION IN TENNESSEE ENDS CARMACK CASE.

One of the Most Noted Cases in the State Brought to a Close.

Nashville, Tenn., Nov. 15.—(Robin R. Cooper, charged with the murder of Senator Edward Ward Carmack, was given a verdict of not guilty in the criminal court this morning on recommendation of Attorney General A. B. Anderson. This was brought to a close the final chapter in one of the most celebrated cases known to the annals of the court of Tennessee.

Robin Cooper came into the courtroom some minutes before the time for court to convene and took a seat at the table behind the railing. About half an hour later his counsel, Judge J. M. Anderson, General W. H. Washburn, Charles N. Birch, Judge M. H. Meeks and Judge J. C. Bradford, entered the courtroom and took seats at the table. There was no counsel associated with Attorney General Anderson for the state and he stated in recommending the verdict of not guilty that no human being had said one word to him in connection with any prosecution during the two and one-half months that he has been attorney general.

Vernon H. Sharp, clerk of the criminal court, called the case of Robin R. Cooper about 9:30 o'clock after several minor matters had been before the court.

Attorney General Anderson stated that he would like to have a jury for the disposition of this case and jury No. 1 was called. The twelve men filed into the jury box. There was complete silence in the courtroom as the attorney general arose to address the court, and said that he had a recommendation in this case to make to the court.

"Your honor is probably familiar with this case," said the attorney general. "This defendant, Colonel Duncan B. Cooper and John Sharp were indicted jointly for the murder of Senator Carmack. The case came up for trial and resulted in the acquittal of Sharp. Colonel Cooper and this defendant were found guilty of murder in the first degree. The supreme court affirmed the case of Colonel Cooper, but as to this defendant, there was a reversal."

Judge A. B. Neil then stated to the jury that in view of the statement of the attorney general, the sworn officer of the state, and in view of the further fact that there is no further effort made to prosecute the case, the jury would return a verdict of not guilty, which was accordingly done. Counsel for the defense had nothing to say during the proceedings, and at the conclusion General Washburn arose and stated to the court that according to the edict of the court they would retire. The defendant left the courtroom with his counsel.

## FEARS WAR WITH JAPS

BELIEVES WILL START CONTEST BEFORE CANAL IS FINISHED.

Have High Regard For Our Navy But Look on Army As Joke.

New York, Nov. 15.—H. H. Rogers, son of the late Standard Oil financier, whose hobby is the study of military affairs, has just returned to New York from a long trip of observation in the army centers of France and Germany. He brought home with him the unpleasant prediction that Japan will provoke a war with the United States some time before the Panama canal is opened for business.

This is not only the belief of Mr. Rogers, but is the consensus of opinion, he says, of the military men whom he met during his visit of seven months abroad.

Mr. Rogers is a captain in the Twenty-second regiment of the National Guard of New York and a military enthusiast. While abroad he talked with officers of the lowest ranks to the highest, and found them all of the belief that the United States would be badly beaten in the fight.

Summing up what he had gleaned abroad, Mr. Rogers says:

"They have a high regard in Europe for the strength and the clever fighting ability of our navy, and so have the Japanese, but they look upon our army as a joke."

## ATTEMPTED SUICIDE.

A Negro Woman Shot Herself With a Pistol.

At 2 o'clock yesterday afternoon a negro woman named Jessie Calhoun, shot herself with a 3-calibre Colt's pistol, at her home on East Henry street. The bullet entered just above the right breast and went through the body lodging at the bottom edge of the right shoulder blade against the skin.

The woman was at home alone and had on a gown only when parties reached her, as she was prepared for the death she thought was awaiting her.

Her husband, who is a barber, was at his place of business. The pistol shot aroused a number of negroes who rushed to the house to find her suffering greatly. Sheriff Lennell was called and a physician also. He found that one charge had been snapped, the cartridge failing to explode.

The woman has only been married two months. The only reason she gave for "becoming,"
